

A 105-hectare wide natural park located inside the Quasi-National park. The panoramic scenery from the famous suspension bridge "Hoshi no Branco (Star Swing)" is just spectacular, and the hiking courses set up in the park are also ideal for forest bathing or bird watching. Enjoy the adventure to one of the best nature spot in Osaka!

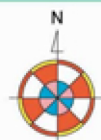

## Hoshi no Branco(Star Swing)

With the total length of 280m(918ft), 50m(164ft) ground height, it is one of the largest wooden suspension bridge nationwide. From the bridge, you can overlook the forest and watch the superb view of Hoshida Park in each season. Enjoy the skywalk while tasting the thrill.
